

Duo-Power IIB-Compatible USB Mobile Phone/Tablet Chargers, USB Step-Up Converter Cables and 9V Power Supplies.

For UK purchasers, below is a list of the models that we are currently buying. This list may change occasionally due either to product availability or pricing changes in the market. We purchase these chargers, step-up converter cables and 9V power supplies from Amazon for ourselves and - upon request - for our customers.

You don't have to buy the exact models that we use – any model with the same specifications can be used.
